VALID JUN-AUG 2026

1 Smarter Water Purification System Purchasing. Greater Impact.

Combine departmental purchasing to reduce costs, improve consistency.

Unlock 15% off VEOLIA water purification systems when multiple departments purchase together to enjoy consistent high-quality water, lower costs, streamlined support, stronger compliance, and reduced environmental impact.

Universities

- Stretch research grants further
- Standardise water quality across faculties
- Simplify procurement across departments

Industry Labs

- Align QA, R&D, and production systems
- Reduce operational inconsistencies
- Centralise purchasing for cost efficiency

3 Opti Digital Handheld Refractometer

Portable Refractometer for On-the-Go Measurements

- Quick 2 second read time of sample
- Onboard library of over 40 scales
- IP65 rated
- Easy-clean, stainless steel prism dish
- Rapid temperature stabilisation (Benchtop units are available)

5% OFF

4 See it. Test it. Trust it.

Whether it's single, multichannel, or full-plate automation — Integra has you covered

- ASSIST PLUS Pipetting Robot for full workflow automation
- MINI 96: Compact 96-channel Portable electronic pipette
- PIPETBOY Genius: The trusted pipette controller
- MAG & HEATMAG: Streamlining Magnetic bead purifications

Book A Demo & receive Exclusive Special pricing

5 Yocell High Pressure Homogenizer

Efficient homogenisation, emulsification, dispersion and cell disruption

- Automated operation
- Temperature controllable
- 316L stainless steel with high hygienic level
- Modular structure, easy to operate and maintain
- Triple overvoltage safety protection system

15% OFF

6 Secure Buchi Quality Throughout Your System

From distillation & solvent removal to nitrogen / protein analysis

- Distillation & solvent removal: Buy a R-300 Rotavapor system and get a FREE F-305 Chiller (26FY01-001)
- Nitrogen / protein analysis: Buy basic/ MultiKjel and receive a 50% discount on Digester (26FY08-001)
- Nitrogen / protein analysis: Buy Automated Kjelmater and receive the Digestion Block for FREE (26FY08-002)

10% OFF

7 Multi-Use PDF Data Loggers

Easy to use Data Loggers

Easy to use Data Loggers with USB connection to monitor temperature and/or humidity in equipment and rooms, during transport or storage.

Buy 2 or more and get 5% off

8 Size Reduction with Rotor Mill P14

Fast pre- and fine-grinding in one instrument

- FRITSCH Rotor Mill P-14: High-performance size reduction for soft to medium-hard, fibrous, and brittle materials
- Power & efficiency: High rotor speed with patented cooling for fast throughput and reproducible results

9 See Your Results: Fritsch A-22 Laser Particle Sizer

High-end particle sizing from nano to micro

- Dual Performance: Expert laser diffraction for solids, suspensions, and emulsions with an extra-wide range (0.01 – 3800 µm).
- Ultra-Fast Results: Achieve full analysis in under a minute with quick-rinsing cycles four times faster than standard units.
- Low Maintenance: Robust, wear-free design requiring only 1 professional service per year. Book a Showroom Demo. Bring your sample to the Labotec Showroom for a live demonstration and receive a complimentary particle size distribution report.

15% OFF

10 Centrifuge Triple Treat

Precision and convenience at the push of a button

- ROTOFIX 32A with 4-place swingout rotor and adapters for 4-7ml blood collection or urine tubes is a robust marathon runner suitable for 28 tubes per run. (1206 /1624 /1739 x 4)
- EBA 280 with 12 place angle rotor for 1-15ml tubes. Runs at a maximum RCF of 4,146 (1101 /1139, adapters at list price)
- MIKRO 2.0 / 2.0 R is ultra-compact, only 240 mm wide. Its quick-change rotor system for sample volumes from 0.2 to 5 ml, NFC-enabled rotor recognition, and patented lid lock, deliver top-tier safety and versatility. (2404 / 2406)

11 Vertical & Horizontal Laminar Flows

Safe by design, versatile by choice

Choose the model that fits your needs:

- Eco-Line: Reliable, cost-effective performance for standard lab tasks.
- Value-Line: The perfect balance of durability and advanced features.
- PRO-Line: Ultimate control with high-end materials and maximum safety features.

Save 10% when you purchase 2 or more units

Save 5% when you purchase 1 unit

12 Simple, Precise Sieving Made Easy

German Engineered Sieve Shaker

- The Durable Analysette 3
- Fritsch Analysette 3 sieve shakers (PRO & Spartan) is suitable for dry & wet sieving
 - Complete with receiver & dry sieving attachment

13 Cleaning, Disinfecting, documentation: Lab Glass Washers

Analytically pure reprocessing for reproducible results

Miele ExpertLine laboratory glassware washers ensure analytically pure laboratory glassware cleaning and drying at the highest level.

- Flexible and simple – modular load carriers & EasyLoad system
- Maximum user convenience with M Touch Flex full touch colour display
- Efficient hot air drying – DryPlus
- Connectivity as standard via Wi-Fi
- Safety through monitoring – wash pressure and spray arm sensing (PLW8683CD GD only)
- Automatic dosing of liquid detergents and neutralising agents (PLW8683CD GD only)

PLW8683CD GD

14 EcoSafe Chemical Storage Cabinet

Advanced safety, total compliance

Secure your lab with high-compliance storage solutions tailored to your specific safety needs.

- Hazard Options: Choose between Flammable or Non-flammable storage.
- Flexible Configurations: Available in single-risk models or multi-risk cabinets with various compartment choices for segregating incompatible chemicals.
- Fire Protection: Multi-risk units include specialized flammable compartments with 30-minute or 90-minute fire resistance.

15 Oil-free Vacuum Filtration & Pump Package

Choose from the KNF Pump Laboport range N 96, N 820, N 840 or N 816.3 (Flow rate 7 or 34 l/min at atm)

10% OFF

Paired with these quick-to-assemble manifolds with

- Alternative funnel adaptor for any volume.
- Individual SS316 control valve
- Autoclavable
- Choice of stainless steel or glass filtration funnel 1,3 & 6 branch.
